

## Independent Assurance Report

To the management of Govern d'Andorra:

### Scope

We have been engaged, in a reasonable assurance engagement, to report on Govern d'Andorra management's assertion that for its Certification Authority (CA) operations at Andorra la Vella, PRINCIPAT D'ANDORRA, as of October 17, 2019 for its CAs as enumerated in Appendix 1, Govern d'Andorra has:

- disclosed its business, key lifecycle management, certificate lifecycle management, and CA environmental control practices in its:
  - Declaració de pràctiques de certificació PKI - Administració pública andorrana (2019)
- suitably designed, and placed into operation, controls to provide reasonable assurance that:
  - Govern d'Andorra provides its services in accordance with its Certification Practice Statement(s)
- suitably designed, and placed into operation, controls to provide reasonable assurance that:
  - the integrity of keys and certificates it manages is established and protected throughout their lifecycles;
  - the integrity of subscriber keys and certificates it manages is established and protected throughout their lifecycles;
  - subscriber information is properly authenticated (for the registration activities performed by Govern d'Andorra); and
  - subordinate CA certificate requests are accurate, authenticated, and approved
- suitably designed, and placed into operation, controls to provide reasonable assurance that:
  - logical and physical access to CA systems and data is restricted to authorized individuals;
  - the continuity of key and certificate management operations is maintained; and
  - CA systems development, maintenance, and operations are properly authorized and performed to maintain CA systems integrity

in accordance with the WebTrust Principles and Criteria for Certification Authorities v2.2.

Govern d'Andorra does not escrow its CA keys. Accordingly, our procedures did not extend to controls that would address those criteria.

### **Certification authority's responsibilities**

Govern d'Andorra management is responsible for its disclosures and controls, including the provision of its described services in accordance with the WebTrust Principles and Criteria for Certification Authorities v2.2.

### **Our independence and quality control**

We have complied with the independence and other ethical requirements of the Code of Ethics for Professional Accountants issued by the International Ethics Standards Board for Accountants, which is founded on fundamental principles of integrity, objectivity, professional competence and due care, confidentiality and professional behavior.

Auren applies International Standard on Quality Control 1, and accordingly maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

### **Auditor's responsibilities**

Our responsibility is to express an opinion on Govern d'Andorra disclosures and controls with the WebTrust Principles and Criteria for Certification Authorities v2.2, based on our procedures. We conducted our procedures in accordance with International Standard on Assurance Engagements 3000, Assurance Engagements Other than Audits or Reviews of Historical Financial Information, issued by the International Auditing and Assurance Standards Board. This standard requires that we plan and perform our procedures to obtain reasonable assurance about whether, in all material respects, management's assertion is fairly stated, and, accordingly, included:

- (1) obtaining an understanding of Govern d'Andorra's key and certificate lifecycle management business practices and its controls over key and certificate integrity, over the authenticity and confidentiality of subscriber and relying party information, over the continuity of key and certificate lifecycle management operations and over development, maintenance and operation of systems integrity;
- (2) selectively testing transactions executed in accordance with disclosed key and certificate lifecycle management business practices;
- (3) testing and evaluating the operating effectiveness of the controls; and
- (4) performing such other procedures as we considered necessary in the circumstances.

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Suitability of controls**

The suitability of the design of the controls at Govern d'Andorra and their effect on assessments of control risk for subscribers and relying parties are dependent

on their interaction with the controls, and other factors present at individual subscriber and relying party locations. We have performed no procedures to evaluate the suitability of the design of the controls at individual subscriber and relying party locations.

### **Inherent limitations**

Because of the nature and inherent limitations of controls, Govern d'Andorra ability to meet the aforementioned criteria may be affected. For example, controls may not prevent, or detect and correct, error, fraud, unauthorized access to systems and information, or failure to comply with internal and external policies or requirements. Also, the projection of any conclusions based on our findings to future periods is subject to the risk that changes may alter the validity of such conclusions.

### **Opinion**

In our opinion, as of October 17, 2019, Govern d'Andorra management's assertion, as referred to above, is fairly stated, in all material respects, in accordance with the WebTrust Principles and Criteria for Certification Authorities v2.2.

This report does not include any representation as to the quality of Govern d'Andorra's services beyond those covered by the WebTrust Principles and Criteria for Certification Authorities v2.2, nor the suitability of any of Govern d'Andorra's services for any customer's intended purpose.

A handwritten signature in blue ink, appearing to be "F. Mondragon". The signature is stylized with a large, sweeping initial "F" and a smaller "M" that loops back.

F. Mondragon, Auditor

## GOVERN D'ANDORRA MANAGEMENT'S ASSERTION

October 21, 2019

Govern d'Andorra Certification Authority operates the Certification Authority (CA) services known as "Entitat de Certificació de l'Administració Pública Andorrana-19", and provides the following CA services:

- Subscriber registration
- Certificate renewal
- Certificate rekey
- Certificate issuance
- Certificate distribution
- Certificate revocation
- Certificate suspension
- Certificate validation
- Subscriber key generation and management

The management of "Govern d'Andorra" is responsible for establishing and maintaining effective controls over its CA operations, including its CA business practices disclosure on its website, CA business practices management, CA environmental controls, CA key lifecycle management controls, subscriber key lifecycle management controls and certificate lifecycle management controls. These controls contain monitoring mechanisms, and actions are taken to correct deficiencies identified.

The management of Govern d'Andorra is responsible for establishing controls over its CA operations, including its CA business practices disclosure on its website, CA business practices management, CA environmental controls, CA key lifecycle management controls, subscriber key lifecycle management controls, certificate lifecycle management controls, and subordinate CA certificate lifecycle management controls. These controls contain monitoring mechanisms, and actions are taken to correct deficiencies identified.

There are inherent limitations in any controls, including the possibility of human error, and the circumvention or overriding of controls. Accordingly, even effective controls can only provide reasonable assurance with respect to Govern d'Andorra's Certification Authority operations.

Govern d'Andorra management has assessed its disclosures of its certificate practices and controls over its CA services. Based on that assessment, in Govern d'Andorra management's opinion, in providing its Certification Authority (CA) services at Andorra la Vella, PRINCIPAT D'ANDORRA, Govern d'Andorra has:

- disclosed its business, key lifecycle management, certificate lifecycle management, and CA environmental control practices in its:
  - Declaració de pràctiques de certificació PKI - Administració pública andorrana (2019)
- suitably designed, and placed into operation, controls to provide reasonable assurance that:
  - Govern d'Andorra provides its services in accordance with its Certification Practice Statements
- suitably designed, and placed into operation, controls to provide reasonable assurance that:
  - the integrity of keys and certificates it manages is established and protected throughout their lifecycles;

- the integrity of subscriber keys and certificates it manages is established and protected throughout their lifecycles;
- subscriber information is properly authenticated (for the registration activities performed by Govern d'Andorra); and
- suitably designed, and placed into operation, controls to provide reasonable assurance that:
  - logical and physical access to CA systems and data is restricted to authorized individuals;
  - the continuity of key and certificate management operations is maintained; and
  - CA systems development, maintenance, and operations are properly authorized and performed to maintain CA systems integrity

in accordance with the WebTrust Principles and Criteria for Certification Authorities v2.2, including the following:

### **CA Business Practices Disclosure**

- Certification Practice Statement (CPS)

### **CA Business Practices Management**

- Certification Practice Statement Management

### **CA Environmental Controls**

- Security Management
- Asset Classification and Management
- Personnel Security
- Physical & Environmental Security
